Supposedly Inferior Horse Beat a Crack Field in Fifth Race at County Track.

BIRKENRUTH'S GOOD RIDING.

Crack Chicago Jockey Brought Down to Ride Sid Silver, "Good Thing"-Failed to Land Him, but Won Two Other Races.

Echodale furnished the surprise of the day at Delmar yesterday by winning the fourth race in a gallop from Claies, and If You Date. It was the first out of the herse since last April. He ran a couple of fast but unsuccessful ruces at Nashville in the spring. His form of last year did not allow him to class with the horses he beat yesterday. Though he is known as a good mud runner, he was in against some good

Clairs was the second choice at 15 to 5. If You Dare, first choice at 2s and Tickful third choice at 4s. As good as 5 could be had against Echodale. The horse won all the way in a big gallop. Ciales, if You Dare and Tickful finished in order behind him.

AS A BETTING PROPOSITION. Happy Chappy Looks Like the Safest

Bet of This Afternoon. Luna Minor ran such an exceedingly brillant race under Battiste last time out that she should win the first race to-day with case. She was a very good mare the other day. Belle Simpson outclassed this lot when good, but she has not been good this easien. The Mormon will go well in the mud. It is a bit short for Vedas. Accolade must be reckoned with. Hanan has also got a chance. One More will find it too far. Regatta is not such a bad horse as people imagine.

Satchel, Chandoo, Arausas and Duela ought to be the contenders in the second event. Messina ran a good race last time out, and may do well to-day if it is muddy. Herodes's last race was too bad to be true. Satchel and Chandoo are slow beginners, but will finish well. The field is big and will be hard to get through. This may militate against their chances. Both want to begin slowly and run in the stretch.

Happy Chappy may find Harry Griffith fast in the third race, but if Chappy gets

They say that Buccleuth runs as a sulker. His race the other day does not prove it. At the weights he looks like a cinch in the Autumn Stake. Jake Weber, Miss Golighily and Erema are in very light and cheap. Peaceful and Lady Strathmore, the best horses in it, can win if everything goes right with them. They are both fast, but not exactly sprinters. The same applies to Schwalbe. If these three get off luckily, are not bumped or thrown out of their strides, etc., they will do all right. But none of them can endure bumping, crossing or interference in a sprint. Buccleuth is gamer and will come from behind better than any of the light weights.

Bell is the truest sprinter of the heavy weights. Both Peaceful and Lady Strathmore want fast tracks to do their best. The track to-day will scarce be fast. It is an awfully hard race to pick, but if Buccleuth runs true, and he always has run true here, he will win sure. The Hayes entry is a good bet in any case.

Marion Lynch ran such a good mare be-

Marion Lynch ran such a good mare behind Guide Rock when he ran his good race that she should win here to-day if she is ready and after it. She was given a very indifferent ride last time out and closed up a lot of ground in the stretch. On that same race Leenja has a bully chance. Ida Penzance will go more than well, especially if it is muddy. Tenny Belle has an outside chance.

On a fast track Nettie Regent should be hard to best if she gets off, but Red Apple's recent races have been so good that he must be selected to win. He will get off, has speed and will go the route, especially on a fast track. Eleven Bells will be a contender. Last time they met over a longer distance Apple beat her soundly this waweighted. Van Hoorebeke will go weil if he is up to a race. Dandy Jim has a look in especially if it is run in mud. On a good track they will have Lunar to dispose of. If Dale rides her she will run a good race.

Dale rides her she will run a good race.

On her winning race against Salinda, Menace is good now. Hence, she ou classes this lot and should win. She is an uncertain proposition. Hence it will be well to speculate, but lightly on the race. She can bent W. B. Gates, when right, like breaking sticks. Gates to be second is not a good bet, for Josie F. was overhauling him and Ravenshury last time out. She came very fast in the stretch that day and she is improving. She does not like mud. Owing to the uncertainty of Menace the race is very well left alone, especially by unsuccessful bettors who want to get out on the day. There will be other days when Menace will not be there to spoil the race and the betting.

Longview, Tex., Sept. 25.—To-day closed the live-bird and ciay-pigeon shoot at this place. Henry Carter of Comanche, Tex., made the highest record for the clay-pigeon shoot to-day, breaking seventy-three out of seventy-five shots. Dan Curran of Ennis. Tex., made the highest record in the live-bird shoot, killing thirty-eight out of forty shots, with Henry Carter of Comanche a close second with thirty-six.

Messrs. Wade and Faurote were called away by urgent business and could not shoot off the tie in the live-bird contest between them for the championship. Everything has been very satisfactory to the shoot, a light shower of a few minutes this evening being the only thing to mar the success of the event. All the visitors seemed pleased with the arrangements of the Longview Gun Club.

GENERAL BUXING NOTES. James J. Corbett Talks of Chances for

Meeting Jeffries Next May. According to James J. Corbett, who is now in New York, making ready to start on a theatrical tour, James Jeffries has promised him a bout for the heavy-weight championship, to be fought next May. Corbett states that Jeffries and he have carcampionship, to be fought next May, Corbett states that Jeffries and he have carried on an extensive correspondence on the subject, and that the champion has consenied to have articles of agreement drawn up in the near future.

Alex. Greggadiss is said to be matchmaker for the occasion, and Corbett states that he will forward articles for the bout within the next ten days. As a result of Corbett's going on the road in October, it is thought that some other reteree will have to be selected for the McGovern-Young Corbett affair. The last bout is scheduled to take place on or before December 2.

It is reported that Young Corbett is to meet Tim Callahan at Philadelphia October 9 in a six-round go, the limit allowed in that city. No decisions are rendered in Philadelphia, so the champion is taking little chances in the fight, particularly as Callahan has not shown any evidence of late of possessing much of a punch. The men are reported matched by the Industrial Athletic Club.

Abe Attell reached Denver a day or two ago, and is now under the managership of Johnny Corbett, who formerly handled Young Corbett. Attell states that he has prospered in the ring in his last two fights, and that he hopes to easily defeat Aurelia Herrera, with whom he is matched at San Francisco. Francisco.
Oto Floto of Denver is after the Young

Corbett McGovern bout, and has been on an extended visit to Cincinnati, where he talked over the matter with the champion before the latter departed for the East. Floto believes he can pull off the bout without police interference, in spite of the stoppage of the game in Denver last spring. Jack McKenna, manager of Johnny Regan, is out with a strong denial of the statement that he objected to weights in the Forbes-Regan bout, originally scheduled for next Morday evening, and says that he was prepared to let Regan meet Forbes at catch weights if necessary.

"Regan came all the way on here to meet Forbea," said McKenna, "under the impression that this fight was to be at 120 or 122. That was the weights stated in the articles. Early this week telegrams began coming in from John Hertz, who is handling Forbes, insisting on having the fight at eatch weights. As no forfelts were up he could do this.

"As there seemed no holding him down to any weight. I finally told Haughton that Regan could go on at eatch weights. Haughton said, however, that the bout had already been declared off on account of the hitch in the weights. Regan is greatly disappointed over the affair, as he left a sick wife in the East to come here and box. Now his match has been called off.

"I would like, however, now that Yanger is coming here, to send Johnny against him at 122 or 123 pounds. If Yanger thinks he can defeat Regan, he has a first-class opportunity to do so."

Benny Yanger and Young Mowatt have practically been decided upon for the next attraction at the West End Club, the bout to take place one week from next Thursday. The men fought six rounds to a draw in Chicago recently, and Yanger is willing to meet Mowatt again at twenty rounds.

George Ester is open for all engagements in the heavy-weight division, and may be found at No. 1821 South Twelfth street. Ester is willing to bet on his chances in case a match is arranged.

HEARING IN SHREVEPORT RATE CASE POSTPONED.

St. Louis Traffic Bureau Wants Decision by Federal Commission on Practice of Southwestern Roads.

The case of the St. Louis Traffic Bureau against the Kansas City Southern, the Texas and Pacific, and the St. Louis Southwestern railroads, which was assigned to a hearing before the Interstate Commerce Commission in the Federal Courtroom in St. Louis on next Monday, has been post-

St. Louis on next Monday, has been postponed.

It is probable that the matter may be settled without a hearing, as efforts are being
made to avoid commission hearings by the
Southwestern railroads, because of the inconvenience and of the strength such hearings lend to reports of discrimination.

The complaint was filed by the St. Louis
Traffic Bureau to determine whether the
lines named can legally collect rates from
St. Louis to local points on their ines
which are in excess of the sums of the locals on Shreveport, which is stated to be
the practice at present.

Iown Annual Railroad Report. The annual report of the lowa Railroad Commissioners for 1901 contains tables showing results of operation of railways in the State for the last twenty-four years. In 1878 the railway mileage of lowa was 4.157 miles; in 1901 it was 2.253 miles. In the same period the earnings grew from £2.714.000 to £4.044.000; the expenses from £2.264.000 to £7.449.000; net earnings from \$3.168,000 to £7.449.000. While this shows great growth in mileage and traffic, examination indicates that the net earnings have not increased proportionately, but have actually suffered a decrease.
